

Dear Parents/Carers,

Relationships, Sex and Health Education Policy Parental Consultation

We recently invited you to complete our RSE (Relationship and Sex Education) parental consultation and would like to thank you for being part of this process. As a school community we are committed to working in partnership with our parents as your feedback is invaluable.

The results of our parent questionnaire can be viewed on our website using the following link <https://www.rochford.essex.sch.uk/parent-information.php>.

Our next steps will be to consult our pupils on the changes and hear their views on our current PSHE curriculum and developing RSE curriculum. All feedback will be considered and shared with staff to ensure we are providing the best opportunities to promote physical and mental health, healthy relationships and keeping our children safe in the modern world, including safeguarding. We will use all feedback to develop our current PSHE curriculum, with careful planning to ensure the delivery and content of our Scheme of Work is up to date, informative and relevant. Learning about the emotional, social, and physical aspects of growing up will give children and young people the information, skills, and positive values to have safe, fulfilling relationships and help them take responsibility for their own well-being.

We would like to take this opportunity to reassure the families of RPS that all the resources and materials used to deliver this curriculum will be age appropriate and will take on board all feedback from the consultation process.

Information regarding the RSE consultation can be found on our school website, this includes:

- a summary of what all pupils are expected to know by the end of primary school,
- frequently asked questions
- our draft Relationship, Sex and Health Education Policy
- DfE guidance that outlines statutory requirements.
- results of our parent questionnaire

Yours sincerely,

Mr. S. Owen

Headteacher
